All Summer in a Day by Ray Bradbury  
Comprehension Questions

Directions: Answer the following questions below. Then use the answers to complete the art project.

How to complete the art project:

1. Look at the letter answer (A,B,C,D) for a question and compare it to the "Key".
2. Determine which symbol (circles, lines, stars, or hearts) should be drawn on the art project.
3. Draw that correct symbol in the space labeled with the correct number. For example: if the answer to question #1 is A, then find #1 on the art project and place circles in that box.
4. Continue until you have added all the answers to the art project.
5. Then color the picture with any color.
6. Color the title of the story in any color.

1. Where is the setting of this short story?
  - A. Earth
  - B. Venus
  - C. Mars
  - D. Saturn
  
2. How is the protagonist different than the other children?
  - A. She was born on Earth.
  - B. She was born on Venus.
  - C. She doesn't remember what the sun looks like.
  - D. She is very friendly and has many friends that like her.
  
3. What is different about the environment in this setting?
  - A. It snows every day.
  - B. The sun is so hot that children can not go out to play.
  - C. It has rained for seven years.
  - D. The weather is a hot dry desert.
  
4. How did the environment affect the children?
  - A. The environment made the children grow faster than most children.
  - B. The environment had no affect on the children.
  - C. They were exceptionally happy and healthy.
  - D. The lack of sun washed out the color from their faces.
  
5. What did the other children do to Margot?
  - A. They locked her in closet.
  - B. They sat down and listened to her stories.
  - C. They made her the leader of the group.
  - D. They hit her.
